

**Precision Hydraulic
Power On Demand**

**Power Pack:
18 HP-2150 PSI**

Driven by an 18 hp engine, this Power Pack puts out 13 GPM at 2,150 psi for precise, controllable power on demand. Tough, mobile, and universally compatible, it hooks up effortlessly to Wagner-Smith and other manufacturers' equipment delivering the extra hydraulic punch crews need.

Standard Features

Hydraulic System	13 GPM @ 2,150 psi w/variable flow control
Engine	18 hp Briggs & Stratton
Hydraulic Pump	14.4 cc Danfoss gear pump
Hydraulic Tank	20 gallon
Fuel	2.25 gallon gas tank
Lifting	1" lifting eye

Dimensions, Weight, Handling Instructions

L X W X H	3'6" x 2'9" x 2'11"
Weight	700 lbs.
Centerpoint	2'
Forklift Opening Height	2 5/8"
Forklift Opening Width	5 5/8"

Frame can be lifted using either a crane or forklift

Fits inside standard pickup truck bed frame (42" x 33")

Equipment Applications

Reel stands
Capstan Reels
Hydraulic Tools (Up to 13 GPM)
Adjusts and fits other manufactures' tools and equipment

Controlled Power Where You Need It.

The Wagner-Smith Power Pack brings serious hydraulic power wherever the job needs it.

Driven by an 18 hp engine, it delivers up to 13 GPM at 2,150 psi for steady, controlled force across demanding equipment. Built for mobility, durability, and seamless compatibility, it pairs with Wagner-Smith reel stands, capstan reels, and hydraulic tools and runs strong with most other brands.

Built to Deliver More Power - Longer.

The Wagner-Smith Power Pack is engineered for jobsite reliability and operator confidence. Variable flow controls allow fine-tuned adjustment for sensitive operations, while flat-face disconnects reduce fluid loss and improve safety during hookup. A rugged cage-style frame protects critical components and simplifies lifting, transport, and positioning ensuring dependable performance in demanding field conditions.
