

The Wagner-Smith Equipment Co. **Model MPT-14** is an adjustable trailer designed to hold utility poles of various lengths or a 60" diameter reel.

## OPERATING FEATURES

- Telescoping frame designed to accommodate multiple pole lengths and maintain proper weight distribution.
- Movable rear and amidships bolsters adjust to keep load centered on trailer.
- Four (4) 5,400 cargo straps to secure poles during transport.
- Removable spindle with locking collars can accommodate a 60" diameter by 55" wide reel.
