Forklift Tubes	4 forklift tubes (2-axis access)
Max Stack Quantity	3
Stacked Height (Max)	80"
Dimensions & Weight	
L X W X H	81.50" x 117" x 30.5"
Unit Weight without Cable	2,820 lbs.
Optional Accessories	
Additional Wireless Transmitter	Part number: 604 - 2261

Surpassing Standards.

Built to exceed industry standards, the CRR-35 delivers precision and performance where it counts. Its rugged wireless controller ensures safe, real-time operation from a distance, giving operators total control.

The stackable design allows up to 3 units to be stored or transported together, boosting fleet efficiency and cutting costs. Now with integrated forklift tubes, it's easier than ever to maneuver; saving your crew time and effort on every job.

Maximize Your Crews Efficiency:

- Rugged wireless controller for safe and responsive operation
- Adaptable to any jobsite
- Stack up to 3 units for compact storage and transport
- Two modes of operation: Wireless Remote and VFD keypad
