

D3: MOBILE SURVEILLANCE

DISCOVER, DETER, DEFEND

Now available through **Wagner Smith Equipment Co.**

Your Competitive Edge Starts Here

The LVT: D3 Live Surveillance Unit is a cutting-edge, cloud-based solution designed to transform job site security and inspection.

Why The D3 Is The Clear Choice

Instant Job Site Inspections – Eliminate costly travel and save thousands on flights with real-time, remote visibility.

Turn-Key Mobile Security – Provides active perimeter detection, deterrence, and alert-based monitoring in one streamlined system.

Completely Portable – Easy to deploy, relocate, or remove without hardwired connections.*

Self-Sustaining Power – Combines solar energy and battery backup for uninterrupted operation.

Reliable Connectivity – Uses cellular technology for secure, cloud-based access anywhere.

Operating Specifications

- Field of view at 22' tall
- Strobe lights provide a strong visual deterrent when the system is armed or triggered.
- Live Streaming Video (15GB/monthly data)
- 3 HD PTZ cameras w/thermal and/or IR night vision
- Video archiving & retrieval
- Time-lapse video
- Instant health analytics of unit
- Android & iOS mobile apps for real time access
- Cloud-based automated alerts (email, SMS)
- Custom security profile/schedules
- Web-based command center

Operational Commitment

- Flood light, audio messages, alert strobes upon breach
- 24/7 video recording with immediate access to footage
 - Instant incident notification via text or email
 - Reporting & insights to world class VMS
 - Automated audio broadcasts
- 15GB of monthly cellular data
- Fast setup with site-to-site mobility*
- Full calibration of security systems
- Command center setup
- 7 days a week customer service
- Mobile application live-streams cameras (iOS/Android)

*Additional requirements or considerations may apply for unit relocation. Contact your representative for detailed guidelines.

OMNI SECURITY

DISCOVER, DETER, DEFEND

Now available through **Wagner
Smith
Equipment Co.**

Your Job Site, Fully Visible. Fully Protected

The Omni from LiveView Technologies is a video solution that provides advanced surveillance to any location. It integrates with our iOS and Android mobile apps so you can monitor your surveillance whenever and wherever you need.

Here's Why The Omni Stands Out:

Powerful Deterrence – High-intensity lighting, strong visual presence stop incidents before they start.

Flexible Deployment – Quick setup and relocation—no trenching, wiring, or downtime.

Always-On – Hybrid power options (solar, battery, generator) ensure reliability in any environment.

Secure Cloud Connectivity– Uses cellular technology for secure, cloud-based video access.
